As the new academic year begins... DAZ is back Face to Face!

With your generous donation and support, the DAZ team once again welcomed students on campus on the 11th of October 2021 for the new academic year of 2021-22. It was so exciting to welcome students back into the classrooms, seeing the joy on their faces as they all could finally return to learn in-person with their teachers and classmates! This is a very special time, and we are doing everything possible to make sure everyone in our schools remains safe and healthy.

The students have been provided with two sets of uniforms, shoes, a sports uniform, a school bag with stationery, and textbooks. Our students were also provided with a sweater each to give them warmth and comfort during the low temperatures of winter. It is a true privilege to have the opportunity to educate and improve orphans' lives in Najaf and we want to thank you for your continued support in assisting us to educate the orphans of Najaf, Iraq.

DAZ will continue to implement COVID ministry protocols for the 2021-2022 school year to provide children and staff with the safest environment possible. Entrance sanitization booth, temperature checks are being taken at the schools, mask, and social distancing is being implemented throughout the day. We pray to Almighty [swt] to keep all the Mo'mineen under His protection during these challenging times and keep us in good health. May He cure all who are ill and restore them to good health, Ameen.
